in: character. Film character, After Film Series Edit Comments Shared Washington Central University Of Course. I never kiss and say. Jamie is a character after We Collided. He was deported by Ariel Jasmine Ryther. As a former Hardin conquest, Jamie was part of Hardin's first year at WCU, and one of those forgiven him hopes will help him better be his girlfriend. Background [senior ] Jamie goes to Washington Central University and is active in the party scene. At some point during his time at WCU, Jamie had a romantic relationship with Hardin that ended wrong. He described their relationship as one of his many conquests, which he felt guilty later. After meeting Tessa Young and finally engaged, Hardin sought to do the right thing with Jamie as his relationship with Tessa has changed the way he wants to treat people in the future, and the way he wants to handle their past. Film Series [source ] Jamie goes to a New Year's Eve at WCU's Frat House in which he wearing a mask. Hardin catches up to him near the steps and removes his mask, noticed that he thought he acknowledged it, but he wasn't sure. He greeted him with a smile and asked if they can speak up – somewhere alone. He agrees and follows above his lead. They come out together a few hours later and go their separate ways. On later that night, Jamie is talking to someone about the staircase later when Hardin approaches him again. He's happy that they were able to speak and he returns the feeling. Then he asked him to keep what happened between them, as he no longer wants anyone to know again. He put his hands on his arms, making sure he doesn't kiss and say. She then saw Tessa Young on the steps behind Hardin. Tessa overreacts by taking this statement literally and hard shops out of her way as she calls her a liar, running out of the party. Jamie, who is still leaving the party, is intercepted by Hardin who asks if he has a phone charger. The only chargers he has in his car, so he accepts the ride. Once in the car, his phone finally turns on and disapprovals him on his involvement with his phone clear. He noticed a car crash at an intersection with remarks about it, so Hardin looks on and is horrified to see the Tessa car involved. She calls for Jamie to pull over and stay the car. When the car pulls to the side jumps out. Physical appearance[ edit source] Jamie is a very attractive woman in late teens or early years. It has a thin build with red skin. Personality [the source ] Jamie is a partner who enjoys his life and does not bring much resentment to the things that have done him in the past. Note with Trivia [editor ] Source] Jamie might be based on Melissa, a character from the book series After Books. Both were former conquests of Hardin Scott, though Melissa's story with Hardin is complicated that of Jamie. In the book series, Hardin had a sexual relationship with Melissa before she met Tessa. Later it exploded Melissa by their fulfilling secretaries. It also was Dan, who wanted revenge on Hardin for how he treated Melissa as well.
